

STYLE PROTECT MASK

Wooden face masks by WOODSKINNERS are a fashionable accessory that lets you stay both protected and trendy. Our team's goal is to tackle the problem associated with the aesthetics of wearing medical masks outside hospitals and medical facilities.

WOODSKINNERS

The mask's multilayered style provides it with:
An elegant aesthetic
Wood flexibility
Protection from external pollution

The unique fabric meant to cover your face doesn't get dirty and is waterproof.

WOODSKINNERS

MASK

PRODUCT PROPERTIES

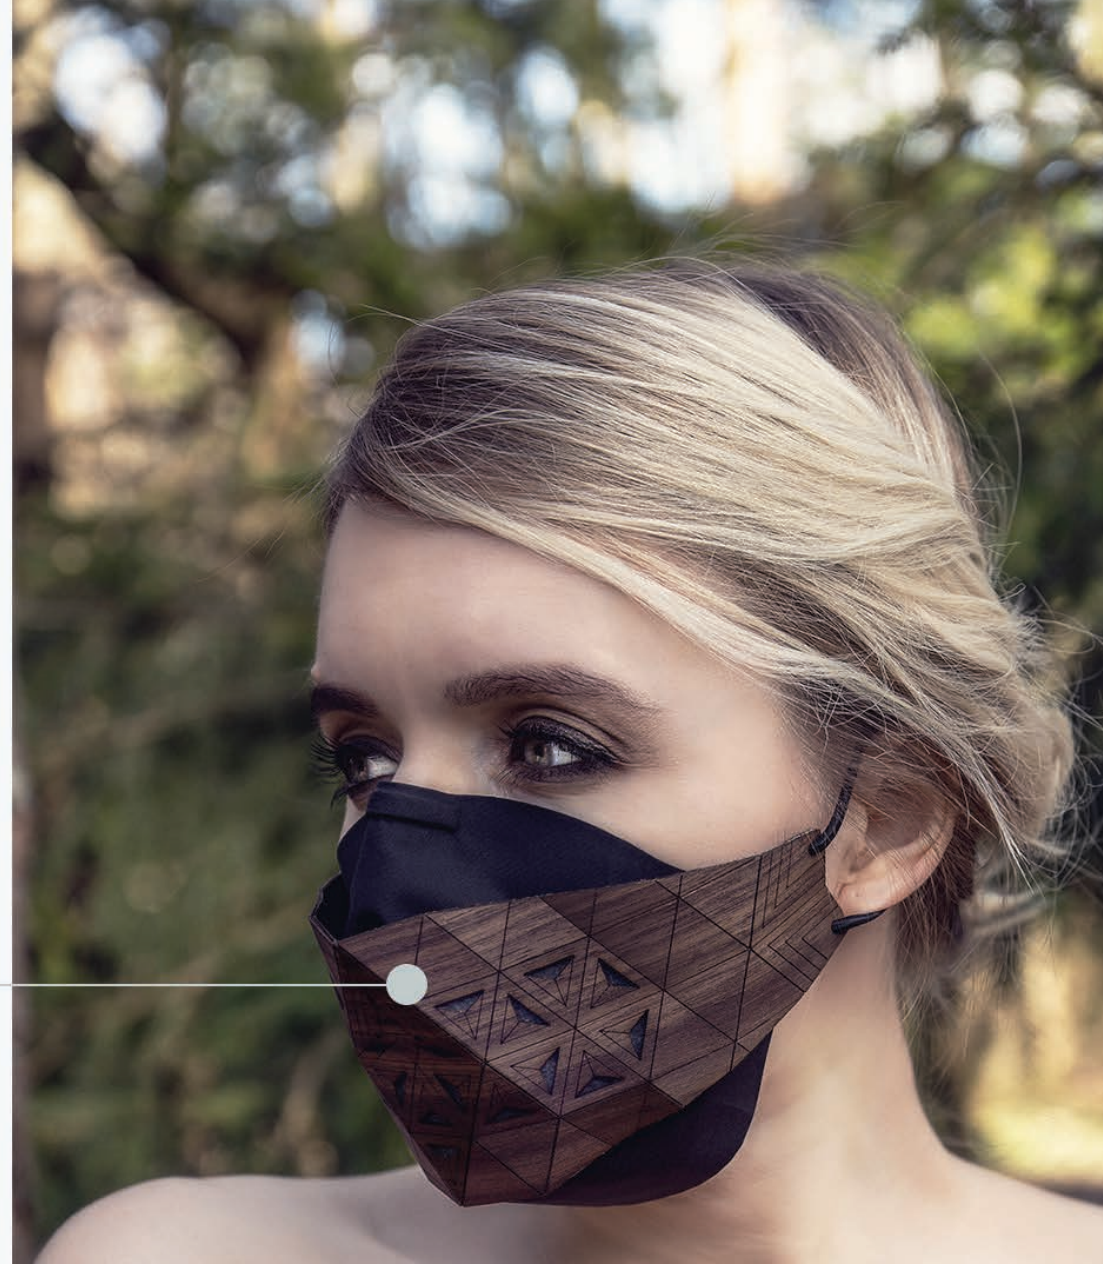

Prevents you from breathing in urban dust and car fumes

Gives you the first layer of protection by blocking respiratory droplets

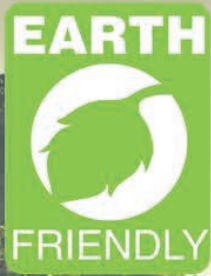

Reduces the risk of infection in public places and protects people from airborne viruses

The mask shows everyone that you care for your own health and the well-being of those around you. A person could potentially be a disease carrier but wearing a mask reduces the risk of infecting others.
